

English for International Students (EIS)

If your English Language skills need improvement (no matter what your existing level) Anglian College has a course for you. Our specialist English lecturers, who are also fully qualified native speakers, run regular courses for new students who have not previously studied in English and need some coaching before they start their specialist courses. Other courses are for experienced users of English who wish to upgrade their writing style or spoken accent.

EIS Preliminary

Focus is maintained on the basics of the four areas of skills in English language i.e. Reading, Writing, Listening and Speaking. Candidates will revisit article, adjectives, noun, adverb, tenses, singular and plural, prepositions of time and place, used to, comparing, talking about quantity, making predictions, conditionals, writing basic sentences developing to small paragraphs, familiarising with essays, poem, story, describing colour, people and geography, addressing people to list a few.

EIS Advanced

More advanced approach is taken to teaching and learning where students actively participate to make the classroom a lively and practical English language zone. Further exercises such as describing directions on foot, directions on vehicle, everyday English interactions, advanced essay, comprehension, quiz and survey, English and IT, English in business, reading tabloid and broadsheet, job search, basic CV, covering letter, understanding a job description, interviews, talking for others (for those who can not express themselves), understanding and analysing either or all of story book, novel, poems, final assessment.

Business English

This course attempts to improve the quality of English usage of a student who has acquired skills at EIS Advanced level to meet the unique requirement of a business setting. The resources are at more advanced level but introduce gradually the knowledge in English required to dealing with various situations arising in a day to day business environment. Whether it is for writing basic business letters or utilising business specific techniques, phraseology and attitudes, commercial way of life demands anyone above

Start – Jan/May/Sep

Admissions open – All year

Study Mode – Part Time/ Full Time (8-16) hours/ week

Awarding body – ACL

Duration – 1 year, Business English may be taken as short term or a full 1 year programme

a supervisory role to be capable of producing at least the first draft of required communications.

Starting with the initial business English test the course contents aim to prepare you for some highly relevant utilities such as written and oral essays, instant speech, commercial letters, effective presentation, writing business report, interview techniques, basic instruction writing, final business written and oral test, financial terminologies, business English with IT terminologies and final presentation on business report. Actual contents may be varied by the department each term to reflect the recent changes and developments in international business sector.

Those who pursue Business English as a one year programme will face challenges of more advanced contents and, upon success, be awarded a diploma by the College. No external bodies are involved in issuing the final awards. The programmes are designed to improve the quality of English and are delivered by CELTA qualified lecturers whose first language is English.

Other Language Courses

Foreign language courses are available in French, German, Portuguese, Spanish, Chinese, Hindi, Arabic, Malay, Nepalese, Bengali, Russian, Japanese and Korean. Please contact us to discuss your needs, because we arrange a particular course whenever five or more students want it.

Start – All year

Admissions open – All year

Study Mode – Part Time (Up to 12 hours/week)

Awarding Body – ACL

Duration – Various

As in all our training courses, group discounts are available for organisations that send a group of people for training. Advance booking may be required. Although these courses are a cost-effective way for students to broaden their prospects in Europe and worldwide, we do not recommend using them to apply for a long-term student visa.
