

## Information Technology Training

Maybe you want to improve their skills with computers and communications, even though you are not an IT specialist. Or maybe your organisation wants to upgrade the IT skills of a group of staff. Anglian College is an approved centre for teaching towards a range of qualifications from various examining bodies, notably the certificate known as CLAiT from OCR (Oxford, Cambridge and Royal Society of Arts).

### Start – All year

Admissions open – All year

Study Mode – Part Time/ Full Time (Up to 20 hours/week)

Awarding Body – ACL

Duration – Various

Other programmes include Microsoft, CompTIA and Cisco certification preparatory training. Please contact us to discuss your needs, because we arrange a particular course whenever eight or more students want it. On the whole, these courses are not suitable for overseas students who need a visa.

## Miscellaneous Courses & Trainings

New courses under discussion, but not settled in time for inclusion in this prospectus, include teacher training, and several forms of vocational training. Please check the Anglian College website for details. Various lectures and short training courses are also offered as a free bonus to students at various times throughout the year.
